Besteel is in business to be the best steel framing solutions and fabrication partner on the Sunshine Coast. The purpose of these guidelines is to enable you to produce content and material that consistently represents the brand.

# KEY MESSAGING

The purpose of this key messaging is to provide consistency to Besteel's communication with target customers. These five key messages can be used across marketing collateral such as advertisements, brochures, social media, website copy, and more.

TAGLINE:

Build easier, build better.

## KEY MESSAGE 1

### RATIONALE

Confidence

### KEY MESSAGE

Build with confidence, build with Besteel.

We know the building industry like the back of our hand, and we know how important it is to keep your project on track. Whether it's big and complex or small and straightforward, our team of experts can be trusted to make reliable decisions that keep your project moving forward.

# LOGOS

# BRAND ARCHITECTURE

The Besteel Group is the parent company of Besteel Framing Solutions and Besteel Fabrications.

BESTEEL GROUP LOGO

BESTEEL FRAMING SOLUTIONS LOGO

BESTEEL FABRICATIONS LOGO

# PRIMARY

The Besteel logo is made up of the Besteel icon and the wordmark. It can be used in full colour, reversed full colour (for application on dark backgrounds) and in monotoes. It also has a stacked version that can be used alternatively, depending on layout real estate.

STACKED

HORIZONTAL

# MINIMUM SIZE

To ensure that the Besteel spread logo is clearly visible, it should never be rendered less than 20mm wide in print or 60px in digital applications. Exceptions apply for merchandise and products under the discretion of Besteel Group Design team.

For digital interfaces where legibility of the Besteel spread logo can not be ensured, the Besteel Icon should be used instead.

# LOGO MARK

Some applications may require the use of an icon only, such as on social media or as a favicon. In these cases the icon may be used without the wordmark.

## SOCIAL

Use these for your social media profiles. Note that when the logo is used in this instance, the tagline can be removed.

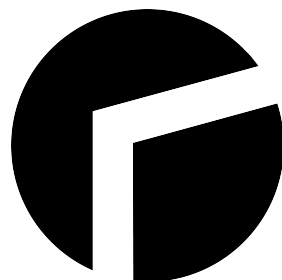

## PRIMARY

## GRAYSCALE

## MONO BLACK

When on the Besteel website the favicon appears next to the page name.

**R** 0   **G** 0   **B** 0  
**HEX** 000000

# COLOUR COMBINATIONS

The core colours are still the key to distinguishing the brand and to be represented in the largest quantities. The secondary pallet should never be used in isolation or in large areas.

Here are ratios and combinations of the core and secondary pallets which should be considered when designing any Besteel material.
